

STUMP-GRINDER

Remove unwanted tree stumps without destabilizing the ground.

Excavator mounting gives excellent positioning capability – up / down banks, over fences.

Designed to give the operator an unrestricted view of the work.

Multi position mounting interface.

- Range of excavator mounted Stump Grinders to suit excavators from 1.5 - 10 tonnes.
- Designed and manufactured in the UK
- Operates off the excavator's standard single acting breaker circuit.
- Excellent design combined with simple and robust construction ensures ease of use, durability and high performance.
- Simple and safe to use.
- Piston motor allows for maximum power.
- High quality manufacture.
- Incorporates 'Green Tooth System'.
- Interchangeable mounting plates.
