Fusion Systems

ALMEXPAD SENIOR - GENERATION 2

ALMEXPAD Senior - GEN 2 is a ruggedized, handheld, touch screen computer tablet. It serves as the latest Almex control box user interface for conveyor belt vulcanizers and presses. Operating on a wired connection, it provides a series of reliable systems for improving splice accuracy, reducing splice time and minimizing the potential for human error.

FEATURES

- API 23 Operating System (Android 6.0.1. Marshmallow)
- Dual Speakers
- 12Vdc input
- Multiple mounting systems
- Ambient temperature & humidity readings
- 5M pixel camera
- Wifi 802.11 bng
- GPS
- High power LED lamps for field service pictures and reporting

ALMEXPAD SENIOR - GEN 2

PRODUCT CODE	DESCRIPTION
BAT-JT1-001	ALMEXPAD Senior - GEN 2

ALMEXPAD JUNIOR SPECIFICATIONS - GEN 2
Capacitive Multi-Touch Screen High Resolution Display (1024 x 768 dpi - 270 nit)
iMX6 QuadCore ARM Cortex A9 1GHz 2 Gb to 4 Gb DDR3 Memory 532MHz
8 Gb to 64 Gb eMMC Program Memory
45000 mAHr Battery
Internal MicroSD slot 32 Gb to 512 Gb
USB High-Speed Ports: 2 x USB-A, 1 x USB-B
High - Speed Ethernet Port 10 Mb/100 Mb/1 Gb
Internal Operation Temperature: - 14 °F to 140 °F (10 °C to 60 °C)
mPCIe Expansion Slot for LTE Support
