

The **wealthcare** experts

Headquartered in Hong Kong with presence in Singapore, Australia, Japan and India, Quantifeed is Asia's leading provider of digital wealth management solutions for financial institutions. Developed by a team with experience drawn from leading investment banks, Quantifeed's QEngine has been named Best Robo Advisor Solution by the prestigious Asian Private Banker magazine for three consecutive years. Its robo technology powers banks, insurers, brokers and wealth planners to provide simple, personalised, and engaging wealth management journeys. Combining software engineering and quantitative finance, we help transform financial institutions into providers of wealthcare, a customer-centric service focused on meeting everyone's wealth management needs.
