

# About HeyCOVID19

**HeyCOVID19** is a platform by LetsStopAIDS dedicated to providing accessible and accurate public health information about COVID-19 to vulnerable communities. With content translated in over 20 languages, the updates are based on information provided by the World Health Organization (WHO) and addresses misinformation by focusing on aspects of personal hygiene, physical distancing, recognizing symptoms, myth-busting and how the virus impacts HIV-positive individuals. The idea for HeyCOVID19.com was brought to life remotely in six days by over 65 LetsStopAIDS volunteers in 12 different countries.

For more information, please visit [HeyCOVID19.com](https://HeyCOVID19.com).

**#HeyCOVID19**

**Say No to**    ,  
**Say Yes to**  

**Grace,**  
Lusaka, Zambia

**COVID-19 spreads from person-to-person. A cough or sneeze can create droplets that can end up on your face, nose, eyes and any surfaces you touch.**

**#HeyCOVID19**

**Black. White. Pink.  
Yellow. We are ALL  
at risk.**    

**Skhumbuzo,**  
Mqatsheni, South Africa

**COVID-19 has no boundaries, regardless of age  
or ethnicity, HIV status or social class. We're all  
in this together!**

**#HeyCOVID19**

**Grandma**  **Uncle** 

**Wife**  **Baby** 

**It doesn't matter!**

**We're in this together!**

**Tatiana,**  
Rio de Janeiro, Brasil

**Let's make KINDNESS contagious: keep in touch,  
share your supplies and love with each other.**

**#HeyCOVID19**

**COVID-19 + Rumours =  
Best friends.**

 ,  or other drugs  
won't fight off 

**Sanele,**  
Dududu, South Africa

**Know the difference between fact and fiction.  
COVID-19 is not airborne. Drinking alcohol does  
not stop COVID-19. There's no vaccine or cure, yet.**

**#HeyCOVID19**

**Step 1: Wash your  
hands properly.**

**Step 2: Repeat**

**Step 1**    

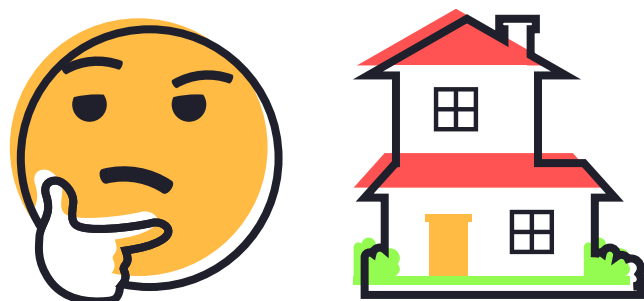

**Daisy,**  
Nairobi, Kenya

**Your hands are (usually) the first point for  
COVID-19. Wash them well. Really well, for 20  
seconds. And, don't forget the soap!**

**#HeyCOVID19**

**When in doubt,  
#StayHome.**

**Oshouli,**  
Windhoek, Namibia

**If you have a fever, dry cough and shortness of  
breath, call your doctor! NO symptoms? You can  
still infect others.**

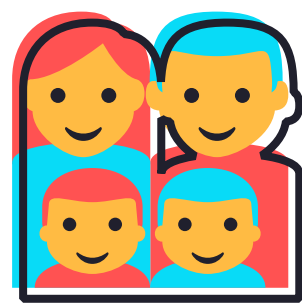

**#HeyCOVID19**

**Less is more.**

**#StayHome**

**#AloneTogether**

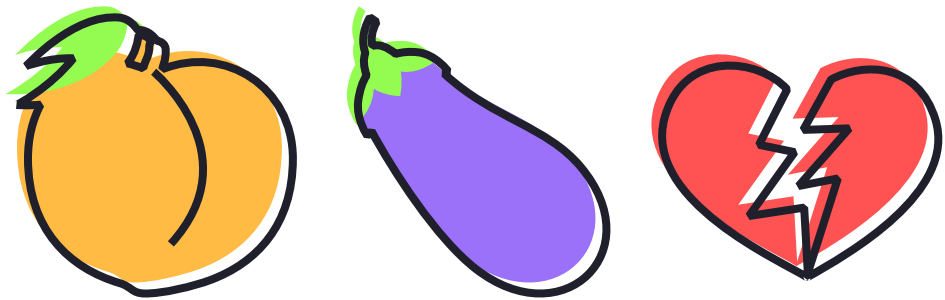

**Dhanraj,  
India**

**Protect yourself first. Support others, if they need help. Stay home -- it's the best way to reduce the spread of COVID-19.**

**#HeyCOVID19**

**Better Sext  
Than Sorry.**

**Paul,**  
Scarborough, Canada

**Social distancing doesn't mean the fun has to stop! You can be virtually intimate while keeping each other safe.**

**#HeyCOVID19**

**HIV+? Unsure of  
how #COVID19 puts  
you at risk? 🤔🦠  
Stay informed!**

**Bukenya,  
Uganda**

**Your risk of getting COVID-19 increases if you're  
not taking your HIV meds. #stayhealthy**

**#HeyCOVID19**

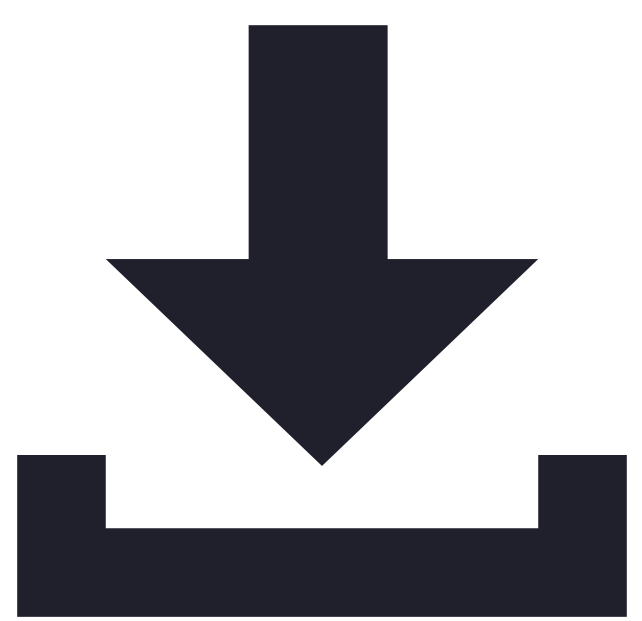

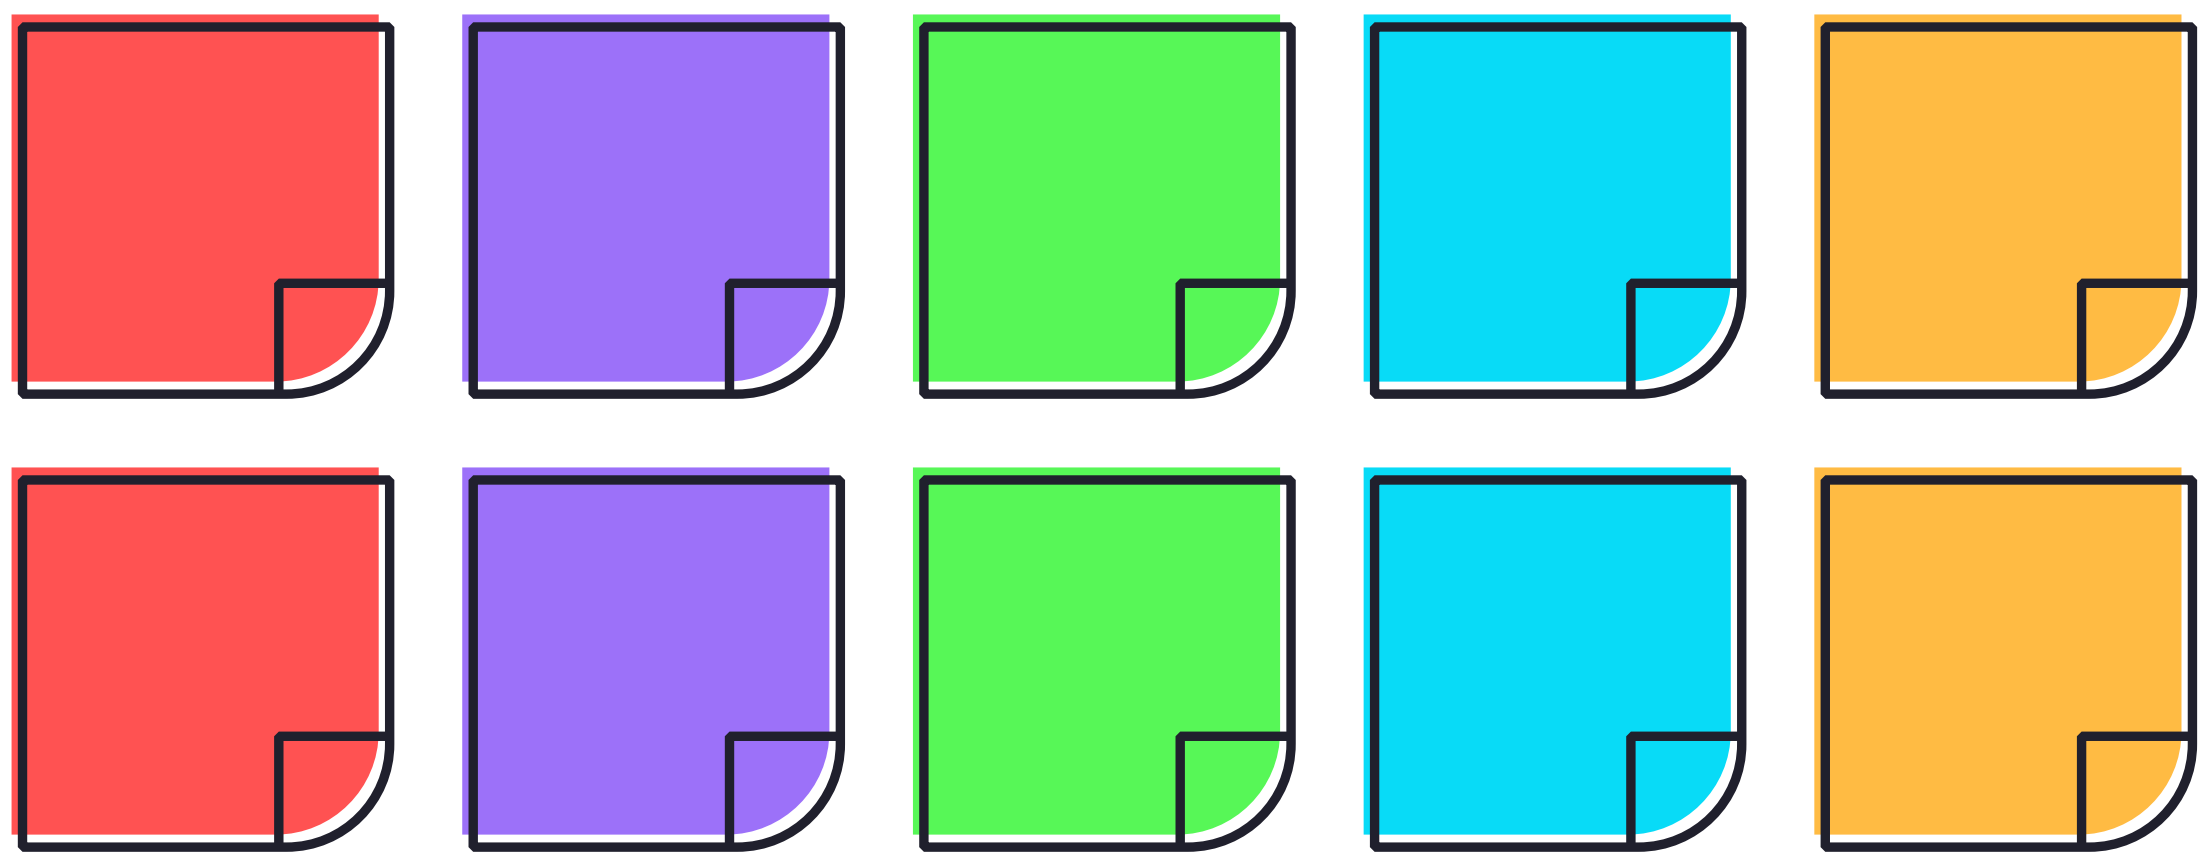

**Mask on?** 

**Or mask off?** 

**Mthobisi,**  
Mbabane, eSwatini

**Coughing or sneezing? Mask on! Not feeling sick?  
Save masks for those who need them! Especially  
those with symptoms and caring for the sick.**

For all languages posters files please visit [HeyCOVID19.com](https://heycovid19.com).

**Thank  
you!**
