local
industries

EMPOWER

Mobilise regional entrepreneurship through Findex's extensive community footprint

INSPIRE

Upfront value to local startups through engaging meetups, inspiring speakers and valuable business networks

CONNECT

FoundX is designed to help grow and connect communities both physically, and through our online platforms

About FoundX

FoundX was formed with the goal of empowering regional entrepreneurship at a grassroots level through Findex's extensive community network.

At its core, FoundX provides upfront value to local startups and small businesses through engaging and informative meetups, tailored to entrepreneurs. These events are designed to inspire innovation, and connect communities both physically, and through the FoundX online platform.

FoundX meetups give entrepreneurs access to inspiring speakers and valuable networks to help accelerate the growth and success of their business. The values and vision that drive FoundX are strongly aligned with the business as a whole, as entrepreneurship is in the lifeblood of Findex.
