## Tom Palmer

### SPECIALITY

Lighting Camera/DOP

### BIO

I shoot a wide range of formats from documentary and entertainment to promos and commercials, plus online and viral content including a teaser which received 131 million views. In recent years I've also worked extensively on structured reality as well as supervising large-scale multi camera shoots at home and abroad. My understanding and experience of lighting is equally as comprehensive. Food, music, travel and culture are subjects I particularly love to film..
